Kroon B.V. | THE Specialist in seawater resistant locks and ships hardware

Kroon B.V. was established in 1908 in Hoogezand, The Netherlands. Around the 1950's Kroon B.V. started to develop itself more and more as a specialist in seawater resistant locks and ships hardware which was sold all over the world. Whether it's about super yachts, small yachts, inland vessels or offshore, Kroon B.V. has a solution for every door that needs to be locked.

Reliable partner for the maritime industry

Kroon B.V. has established itself as a reliable partner for the maritime industry. As a market leader in the Netherlands and A-brand supplier for Europe and the rest of the world we are a well known name in the maritime industry. Besides that, we also advise naval architects and interior architects.

Our customers are:

- Shipyards;
- Yacht-yards;
- Ship's carpenters;
- Ship's interior designers.

A-brand supplier

Quality is a main issue for Kroon B.V. To guarantee this quality we work with A-brand suppliers. Among them are world-renowned producers from all over the world. Because of our extensive stock we are able to deliver within a short time. Kroon B.V. is ISO9001-2015 approved.

All over the world

We can deliver to any place in the world. Serving clients in Europe, Asia, Northern & Southern America, China, and so on. Due to our contacts with global transporters we are always able to deliver your parts in the most cost efficient way.

Marine Accomodation Systems

Kroon B.V. can supply A-class and B-class partition and lining panels, ceiling panels and floating floor. We have different solutions in paneltype, thicknesses and colours. We can help you with a complete Material Take Out drawing, so it will be easy to install the panels.

Wetunits

Wetunits can be offered in various types. Suitable for yachtbuilding, shipbuilding or buildings. Complete with all necessary equipment for water, electrical and waste installations.

Marine doors

We offer several types of doors for the maritime industry such as A and B doors, sliding doors and weathertight doors. The doors can be delivered including all hardware.

We supply

- Fastmount mounting equipment
- Seawater resistant locks and hinges;
- Ships hardware, also for watertight doors;
- Modified hardware for luxury yachts;
- Custom-made parts for luxury yachts;
- Shipsfurniture and furniture fittings;
- Tools, machines and enginerroom equipment;
- Complete accommodations, wall panels, ceilings, fireproof B15 / A60 doors, wetunits and profiles;
- Adhesives and sealants specially for the maritime industry.
- MasterKey systems
