GOST Phantom Insight HD GPS IVR GP-INSIGHT-HD-GPS-IVR

All-in-one Wireless Security, Monitoring, GPS Satellite Tracking & High Definition Surveillance with a 1TB IVR and two way voice communication through our G3G-GSM Series Cellular Communicator.

[Click Here for Web Page](#)

Like all GOST Insight HD packages, this system provides remote security, monitoring, and video surveillance, and is designed to call up to 8 phone numbers to alert owners in the event of high water in the bilge, low battery voltage, loss of shore power, smoke or intrusion on the vessel. Wireless relays can be added to control any AC or DC powered devices onboard with a key fob or remotely over the phone. This Insight HD GPS IVR package adds a GOST Nav-Tracker to provide Inmarsat based GPS Satellite tracking and a GOST Internet Video Recorder (IVR) that allows owners to store and remotely view surveillance video for up to 3 months*.

**Actual recording time may vary depending on what is in view of the cameras being recorded.*
