

MOSQUITO NET FOR REGULAR HATCHES

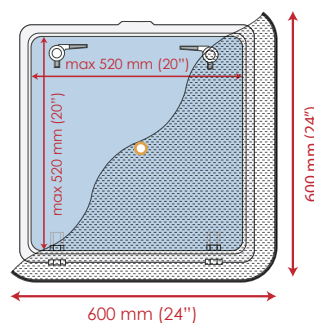

- Pop up = 5 seconds mounting
- Ventilates the boat
- Fast mounting with suction cup
- Easy to store, folds to 1/3
- Works on flushed hatches
- Fits all brands of hatches
- Mounts from the inside
- Thin, builds less than 3 mm
- Keeps out mosquitos, gnats, sand flies, No-See-Ums, wasp etc.

Mosquitos can easily spoil a good evening. The allergic reaction to mosquito bites can also be dangerous not only annoying. Many mosquitos spread diseases as dengue-fever and malaria. Our series of mosquito nets gives you a better comfort and prevent mosquitos.

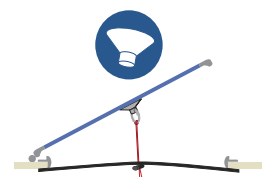

Since the mosquito nets is supposed to be bigger than the hatch (with a small overlap). The size is universal and fits most shapes of hatches: square, round, rectangular and small hatches. Fits all brands of hatches. On smaller hatches the overlap will be a little bigger. Every mosquito net comes with a storage bag.
