# ROLLNECK

boat fender covers by meter

*easy fitting*

# Your advantages as a reseller

*buy directly from  
the manufacturer*

## RollNECK

boat fender covers by meter

### + Unique

Rollneck fender covers by meter are only available from fender-design

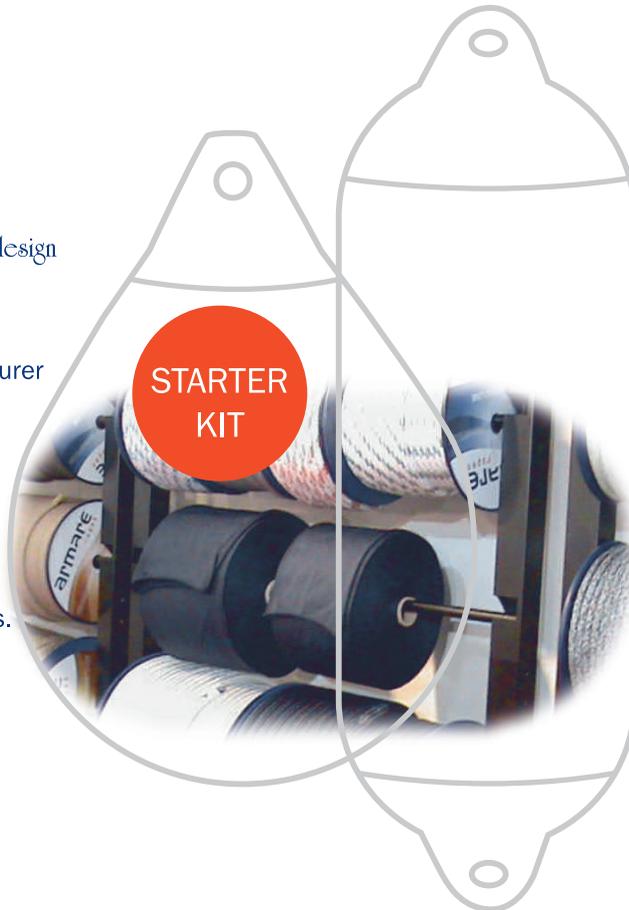

### + High Margin

buy directly from the manufacturer which gives you a high margin

### + Less Stock, Better Choice

on the market there are countless different fender sizes. Rollneck is available in 4 sizes and 2 colours.

These two sizes cover 90% of all fender sizes

### + High Quality

Rollneck is knitted from solution-dyed polyester (also used by premium manufacturers in the automotive industry). The combination with UV resistant elastane gives Rollneck a high UV resistance and abrasion resistance.

### + Made in Germany

Rollneck is produced by fender-design in Albstadt. This southern part of Germany is famous for its production of technical textiles and high quality apparel fabrics.

### + Starter Kit

in order to ensure an easy introduction of Rollneck in your shop we offer a special Starter Kit

- + Basic mix of Rollneck at very good prices
- + free IN-SHOP Display
- + additional earning opportunity with discount code for online orders

## RollNECK: *Put it on, cut it, that's it!*

Choose your cover size

put Rollneck on your fender

Cut it with simple scissors

That's it!
