

Did you know that fenders are the IDEAL advertising space?

- + Fenders are an essential yacht equipment.
Every yacht owner works daily with his fenders.
Perfect for long-term advertising
- + Fenders are used in harbours.
The place where you can reach new clients. Especially when yachts are entering a port - fenders get attention.
- + Fender covers improve the appearance of every yacht.
A useful giveaway for your clients.

Made in Germany

Make the fenders of your customers to your long-term ad space!

Customized Fender Covers for advertising

especially for Shipyards, Boat Dealers,
Charter Companies, Marinas etc.

Transform the fenders of your customer into an ad space

fender covers with your logo

- + increase the **outfits of the yachts**
- + are **perfect and usefull gifts for ship christenings or important customer**
- + are ideal for **presentations and exhibitions**

+ FREE Logo

your advertising message appears 3 x on the fender covers in any size without any logo costs

+ Knitted-in Logo

that's to the special jacquard-knitting technique, logos are directly „woven“ into the fabric (not embroidered or printed) and thus cannot be rubbed off

+ Colours

choose from our two basic colours

+ Excellent Price/Performance Ratio

thanks to rational processing methods - you can start advertising with customized fender covers from 11,90 € / piece

Giveaways
with
added value
for you

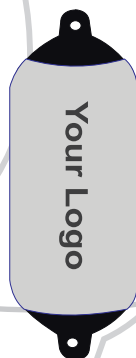

+ Small Quantities

you receive customized fender covers for advertising with your free logo from 50 pieces (mixed sizes)

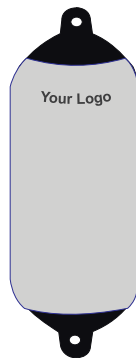

+ Discreet or Striking

choose the design for from 3 different types - or let us know your additional idea

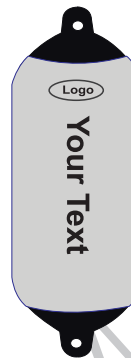

Logo type S
Vertical Inscription
(3 x on circumference)

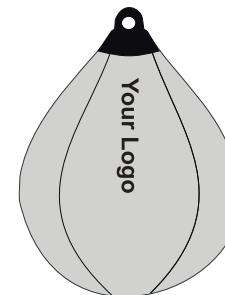

Logo type W
Logo on the top
(3 x on circumference)

Logo type S+W
Logo on the top +
vertical inscription
(3 x on circumference)

for spherical fenders there are the same possibilities. The logo will be knitted 4 x on circumference

+ Perfect Fit

our fender covers are produced made-to-measure. This and the elastic material gives a perfect fit.

+ Made in Germany

fender covers for advertising are made from spun-dyed automotive polyester yarns with high UV-resistance and high colour fastness
