65+ feet 

Lumens
11,000 - 20,000 

Kelvin
6,500 

Beam Angle
90° degree 

QT-75 Retro

Retrofit Insert

The QT-75 Retro LED underwater light features inserts that can be fitted into existing metal halide underwater lights allowing an easy upgrade to LED without changing the hull fitting or hauling the boat. The QT-75 Retro is designed for boats with the Original screwed UL Ti MATE fixed and UL Ti MATE SA ranges from Underwater Lights Limited.

The QT-75 Retro LED is available in either the standard QT-75, QT-75 HP or the QT-75 RGBW configuration. With lumens ranging from 11,000 to 20,000 of light output and with its extremely wide 90° beam angle, installation requires no modification to class approvals and refitting these fixtures can take as little as one hour to totally transform an existing underwater lighting setup.
