

# MagicEzy 9 SECOND CHIP FIX™

## Fix and Color Fiberglass Damage Fast

No sanding prepwork. No mixing. No unpleasant fumes.

MagicEzy 9 Second Chip Fix™ is a revolutionary nano-filler that fixes and colors chips, cracks and deep scratches in one application ... without the need for a catalyst.

Plus, it's easy to use - even for a novice.

- Suitable for cosmetic AND structural repairs
- Structural grade adhesion for long-lasting repairs
- High elasticity so it flexes with your boat
- Perfect for fiberglass, wood, ceramics, \*plastic, \*aluminum and masonry.

\*For plastic or aluminum surfaces prime the surface first with MagicEzy Mega Fusion.

• boats • jet skis • surfboards • snow mobiles • bath tubs • tiles • showers • vanities and much more.

## Say Goodbye to Stress Cracks and Gelcoat Crazing Easily

Repair and Color in One Application

MagicEzy Hairline Fix is a colored, nano-sealant that penetrates deeply into fine cracks. The unique nano-technology fills and seals damage so strongly it's like the surfaces have been welded together.

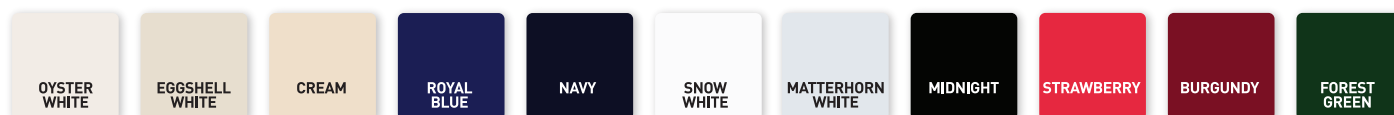

- No sanding prepwork. No grinding. No catalyst.
- Extraordinary, structural-grade adhesion.
- Rubber-like flexibility for long-lasting repairs.
- Use it on fiberglass, \*plastic, \*aluminum or ceramic.

\*For plastic or aluminum, prime the surface first using MagicEzy Mega Fusion.

• boats • jet skis • surfboards • snow mobiles • bath tubs • tiles • showers • vanities and much more.
