

# KIWALITE

## Engineer Grade #2600 Series

KIWALITE Engineer Grade #2600 Series is a leading-edge reflective sheeting of glass-beads technology.

Features are:

- \* Meets world specifications of enclosed-glass beads type sheeting with 7-year durability
- \* Excellent visibility at wider entrance angle
- \* Multi-purpose with inkjet printability
- \* PVC free and environmentally friendly

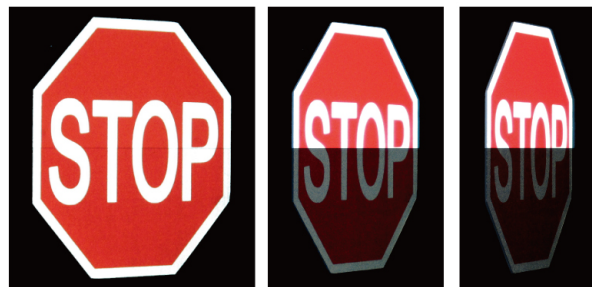

Upper: KIWALITE Engineer Grade #2600 Series  
Lower: KIWALITE Engineer Grade #2000 Series

### Excellent Visibility at Wider Angle

KIWALITE Engineer Grade #2600 Series contributes to improved nighttime safety with better visibility at wider entrance angle than conventional engineer grade reflective sheeting.
