**Basta Boatlifts Looking to Expand Distribution in the European Market**  
*New Owner, Bryce Hansen attending METS Trade*

**SEATTLE**—Nov. 17, 2019 – Basta Boatlifts is looking to expand distribution throughout the European market with its line of luxury boat lifts, Personal Water Craft (PWC) lifts, seaplane lifts and accessories. Basta Boatlifts designs and manufactures boats lifts with lifting capacities from 635 kg up to 22680 kg.

Free standing hydraulic boat lifts protect from damaging wakes and waves and lock boats in place and out the of water. Boat lifts are remote controlled and run on both AC and DC currents. Absorbed Glass Matt (AGM) batteries are solar charged, making them convenient for installations where power is not available or costly. To see a demonstration of a Basta boat lift at METS Trade Nov. 19-21, visit booth 12.433.

“Europeans have beautiful boats that deserve to be protected from waves and flotsam. Launching and mooring in hundreds of lakes and canals will get a lot easier with a touch of a button. We are looking for customer oriented partners to sell, install and service Basta Boatlifts, “ remarked owner Bryce Hansen,

To arrange a meeting with Bryce while at METS Trade, email him directly at [bryceh@gobasta.com](mailto:bryceh@gobasta.com).

**About Basta Boatlifts**

Basta Boatlifts is the leader in hand-crafted hydraulic boat lifts, seaplane lifts and PWC lifts. Its product line includes fabrication in both proprietary aluminum and galvanized steel. Basta patented the Over-Center™ gravity locking design in 1992 that changed the boat lift industry. Basta Boatlifts is a privately held company headquartered in Bellevue, Washington.
