AQUACULTURE STEEL PONTOON FISH CAGES

MARINE FLOATING DOCK SYSTEMS

Innovation and quality remain the defining characteristics of our products today. Kropf Industrial Inc. is the umbrella under which our other product lines operate. With modern CNC cutting and machining equipment, as well as years of experience, we are capable of handling a wide variety of custom fabrication jobs.

► KROPF CONOLIFT manufactures a full line of versatile marine hydraulic equipment that will improve your operations and increase your bottom line. Available in 3 – 100 Tonnes.

► KROPF AQUACULTURE manufactures steel pontoon fish cages and walkways. These rugged steel cages provide a safe and secure structure with a working platform for fish farming operations.

► KROPF MARINE has been providing quality steel tube floating dock systems to discerning clients for over 25 years. Our commitment to superior workmanship and conscientious customer service has allowed Kropf Industrial Inc. to become an industry leader in the floating dock market.
