PLANT-BASED ALTERNATIVES. GOOD FOR PLANET, PEOPLE AND ANIMALS.

# WHAT WE DO

At Rival Foods we create whole-cut specialties with remarkable texture, flavor and juiciness, the ideal proposition for food professionals to create new delicious plant-based eating experiences. Our products are ready to use in all your favorite dishes!

Many of today's plant-based meat or fish alternatives are products like burgers, minced meat, sausages and battered products. Alternatives for unprocessed whole-cuts, such as steak, fish filet and chicken breast are still rare to find in restaurants or supermarkets.

With our unique technology, we create whole-cut products that have a remarkable texture, juiciness and are easy to prepare with different cooking methods. Enjoy plant-based deliciousness!

## CHICKEN FILET
