ULTRA SLIM NEON ROPE LIGHT

Height: 0.43" / 12mm
Width: 0.2" / 6mm

Seavision offers a wide range of American manufactured high quality interior and exterior lighting fixtures. These products are available with many custom features allowing clients the option of creating the look and lighting effect that meets their requirements. For those clients wanting color controls the neon flex together with the underwater lights produces an infinite array of spectacular lighting effects above and below the water. Using on board DMX or Seavision supplied controls makes the color options as simple or complex as desired. Contact our technical team to discuss all your options.

All products are available factory direct from our Fort Lauderdale facility or from the office in Cannes France.
