

One product will not eliminate your restroom odors... but our Program will

Odors... and ways to control them are extremely critical in any cleaning program or procedure.

The first impression of a restroom is made with your nose.

The most effective odor control program is comprised of specific products that work together to achieve one goal...

Odor Elimination.

Mixing fragrances can be worse than the odor you are trying to eliminate.

A Complete Restroom Program Addresses 4 Concerns:

- Surface Cleaning** Nilium Water Soluble Odor Conteractant, Oxy-Force All-Purpose Cleaner Concentrate
- Source Removal** Bio-Enzymatic Urine Digester
- Air Care** Automatic Dispenser, Metered Aerosol, Gel Refills and Tap-A-Drop
- Fixture Care** Spectra San 24 Disinfectant, Urinal Screen with Deodorizing Blocks, Toilet Deodorizers and Rim Hangers

Surface Cleaning

Cleaning and deodorizing time can be greatly reduced by adding our water soluble deodorizers to cleaners or plain mop water.

This allows the user to clean and deodorize the total surface area in one easy step.

Nilium - Water Soluble Concentrate
1 oz. makes 1 gallon of product
Multi-use deodorizer
Contains odor neutralizer
Works up to 24 hours
Ideal to use on any water-safe surface

Oxy-Force - Hydrogen Peroxide All-Purpose Cleaner
Multi-use cleaner and deodorizer
- Glass
- Tile & Grout Cleaner
- Mirrors
- Stainless Steel
- General mopping
Ideal for use in any restroom

Source Removal

Bio-Enzymatic Urine Digester should be used in, on, and around all urinals, toilets and shower stalls to eliminate organic-based odors such as urine, feces, vomit, perspiration, etc.

Designed to consume and destroy the organic source of the odors.

Use in drains and traps to keep drains free flowing and eliminate odors.

Bio-Enzymatic Urine Digester

- Five strain bacteria formulation
- Eliminates the urine from the floor subsurface
- Use on all hard surfaces
- Non-toxic & Biodegradable
- ELIMINATES ODORS AT THE SOURCE!

Bio-Enzymatic URINE Digester is most effective when applied after disinfecting. Never mix a Bio-Enzymatic product with a disinfectant or cleaning solution.

Air Care

Use an automatic Gel or Aerosol dispenser to counteract airborne odors and keep your restroom smelling fresh between cleanings.

Counteract airborne odors and maintain a pleasant environment.

Fragrances should match your water-soluble deodorizer and urine digester.

Nilotron Dispenser and Metered Refills

Highly concentrated, 3,000 metered releases
Eliminates malodors for up to 24 hours
Simple to use, around-the-clock application

Universal Gel Dispenser

Consistant level of fragrance
Simple to use, around-the-clock application
Holds gel refills
No VOC's

Fixture Care

High Touch Surface Disinfecting-For 24 hour disinfecting protection, apply Spectra San 24 to all High Touch Surface areas.

- Door Handles
- Faucets
- Paper Towel Dispensers
- Soap Dispensers
- Toilet seats

Urinal screens and toilet bowl hangers help clean and reduce urine odors. These products are available in Para and Non-Para blocks. Use Urinal or Commode Floor Guards to protect flooring

Flat urinal screens and urinal screens with blocks can also help prevent debris and foreign objects from clogging the drain lines.

“First impressions are always the most important”

"GREEN" WASHROOM PROGRAM Structured By Nature

Surface Care

Water Soluble Odor Neutralizer

- Use every time you mop, use on all water-safe hard surfaces
