# ONE STEP<sup>®</sup> COMBO-PAD

## for innovative hard floor cleaning

### Technical Data

#### The Situation

Mineral hard floors become grayish and unsightly over time. The dirt appears especially bothersome in places that count on freshness, cleanliness and hygiene.

The bigger the area is, the more worthwhile the application of the **COMBO-PAD** - will be.

#### The Innovation

**ONE STEP<sup>®</sup> COMBO-PAD** surpasses the performance capabilities of regular Melamine-PADs many times over. The innovative combinations of materials with profiled struktur – are crucial for deep cleaning and an incorporated dirt pulling effect. With each set of pads at least 10.000 sq meters can be cleaned. The **COMBO-PAD**-material stays tear resistant even when used with structured tiles.

#### Economical Advantages

By employing the effective cleaning of the **COMBO-PAD** on mineral hard floors in combination with **ONE STEP<sup>®</sup> System Cleaner F50** you spare the usual deep cleaning. This system can be used in conjunction with all scrubber-driers and single-disc machines.

#### Forceful characteristics

in conjunction with **ONE STEP<sup>®</sup> System Cleaner F50**, **COMBO-PAD**s are very effective and efficient.

**COMBO-PAD** plus **ONE STEP<sup>®</sup> System Cleaner F50**

- are highly potent, clean thoroughly without detergents or solvents, do not leave any remaining;
- remove residues like oil, fat, shoe and tire wear – even from porcelain stoneware, marble, terrazzo and granite.

Image: The result of the cleaning is visible immediately after one cleaning interval, an after treatment or going over the same area repeatedly is not necessary.
