Transport terminals

SHIELD

Anti-Vandal Air Freshening System

Strong, secure & stylish

Create and protect a continuously fresh environment with Shield – the Anti-Vandal and tamper-proof continuous air freshening system that gives protection and security without compromising style.

Built-in Oxy-Gen Powered Technology

This new medical-grade innovation harnesses the power of pure oxygen to deliver continuous, consistent ambient fragrance.

- > No harmful emissions, solvents or propellants
- > Low VOCs mean it is ideal for green buildings and LEED certification requirements
- > Oxy-Gen Powered refills can reduce the amount of VOCs being emitted by up to 90% when compared to aerosol cans
- > The refill is 100% recyclable and safe to dispose of in your regular plastic recycling waste
- > Less waste, safer storage
- > Works against gravity so the fragrance oil won't pool or leak

SHIELD

Anti-Vandal Air Freshening System

Vandal & **tamper-proof**

The dispenser's smooth contours means that potential vandals are unable to grip and tamper with the system. Made of robust stainless steel with anti-vandal locking device to give strength and security.

The **most environmentally-friendly** air freshening system

Built-in Oxy-Gen Powered technology is a clean source of power, producing continuous levels of intense fragrance that contain no propellants or CFCs – just pure natural scent.

oxy-genTM
POWERED

Unique Oxy-Gen Powered refill technology delivers precise doses of intense scent with no variation on delivery or drying out.

World's First Oxygen Powered Technology for Aircare

Free-flowing air freshness

Shield's unique ventilation design ensures maximum airflow so that fresh fragrance is carried into the room

Consistent fragrance levels - guaranteed

Designed and engineered to deliver consistent and continuous levels of fragrance and odour control for the full life of each refill.

Better for freshness

Most air fresheners work by masking bad odours with heavy perfume. The Shield Air Freshness system uses a proprietary odour neutralising agent to eliminate, not mask, any bad odours leaving only fresh scent in the air

A sophisticated fragrance that combines fresh apple notes with amber and spices

An uplifting blend of eucalyptus, rosemary and campher with leafy notes and crisp pine

An exotic floral scent of night flowering jasmine, orange blossom and gardenia

A warm and subtle combination of ripe berries for a juicy, fruity scent

A rich floral scent of orange blossom, jasmine and white flowers

A crisp floral scent that sparkles like fresh clean cotton

An exotic mix of pineapple, tropical fruits and coconut

A pure, clean fragrance of delicate florals and watery notes

A soft and warm fragrance highlighted by a white flower bouquet

A fruity fragrance of fresh watermelon with plum, peach, raspberry and crisp green apple

Better for the environment

What is **NeutraLox** Odour Neutraliser?

neutraLox malodour eliminator

When the fragrance molecules are released, they diffuse into the air in the room. Proprietary NeutraLox odour neutraliser molecules eliminate competing malodour molecules, allowing the fresh scent molecules to spread out and fill the surroundings where they linger in the air.

NeutraLox eliminates bad odours such as tobacco, kitchen odours, sweat, mildew, animal and body odours.

Top quality fragrances

Each has been selected for its intensity; each has been extensively tested for performance over the refill life; each has been field tested for popularity and appeal

! Refills are compliant with

- > Californian Air Resources Board (CARB)
- > REACH
- > European Regulations

and are also exempt from Swiss VOC taxes

- An invigorating scent of green apple and pear softened with peach and pineapple*
- A tropical sensation that blends light fresh citrus with sweet mango and sun-ripened papaya*
- A crisp herbal fragrance with pine, rosemary and tea tree*
- A fragrant accord to white tea and scented rose*
- A warm, sensual fragrance combining oudh, sandalwood and saffron*
- A fresh, invigorating scent with fragrant lavender and spicy herbs*
- An intensely fruity perfume with hints of orange supported by warm spices*
- Green woods and citrus give this fragrance a fresh, aromatic scent*
- A vibrant, bubbly scent of lime, lemon and grapefruit*
- A vibrant citrus mix of lemon and lime for a bright, uplifting scent*

SHIELD

up to
**2 Years
Battery Life**

Anti-Vandal Air Freshening System

smooth anti-grip contours

Vented sides and top for effective fragrance dispersal

Visual light indicators provide refill and battery replacement reminders

Robust key lock

Compact, very tough design

- > Simple to install and refill
- > Operates on 2 AA alkaline batteries (not included) that last up to 2 years
