COMPANY INTRODUCES

HEYING-NATURE CO., LTD is a professional & reputable manufacturer (From product design, mold development, plastic injection, marketing, the installation of one-stop production of high quality service) with the goal of delivering high quality MIT products (Made in Taiwan), water treatment equipment, RO systems and all related components and parts to around the world. We specialize in Ro components produce and residential system so we got a successful sale and marketing experience in our team. Customer service has always been of great importance to us. To be trustworthy, providing professional solution and service, creating value for customers, base upon the water treatment industry.

Our mission always to be: 'Provide high quality product, best customer service and unsurpassed personal service.

we believe you will be satisfied with our products if you are searching for a reliable supplier in this field.

Please kindly visit our website for more information.

Counter-Top Series Residential RO System

DTRO-CT102 / DTRO-US102

5 Stage System Features:

- 1st stage Pr-filter Spun PP 5 Micron Filter
- 2nd stage GAC
- 3rd stage CTO Carbon Block
- 4th stage 50/75/100GPD Membrane
- 5th stage in-line GAC

Storage Tank: 3.5Liters (Washable)
Booster Pump with 24V transformer
Faucet & Kit included
Jaco or Quick connect fitting
Fully assembled with all hardware included
Available: Case for sale

DTRO-US101 / DTRO-CT101

5 Stage System Features:

- 1st stage Pr-filter Spun PP 5 Micron Filter
- 2nd stage GAC
- 3rd stage CTO Carbon Block
- 4th stage 50/75/100GPD Membrane
- 5th stage in-line GAC

Storage Tank: 3.5Liters (Washable)
Booster Pump with 24V transformer
Faucet & Kit included
Jaco or Quick connect fitting
Fully assembled with all hardware included
Available: Case for sale

Available Color
custom-made

Conventional Series Residential RO System

CRRO-550P-STD

5 Stage System Features:

- 1st stage Pr-filter Spun PP 5 Micron Filter
- 2nd stage GAC
- 3rd stage CTO Carbon Block
- 4th stage 50/75/100GPD Membrane
- 5th stage in-line GAC

Storage Tank: 3.2Gal & ball Valve
Booster Pump with 24V transformer
Faucet & Kit included
Jaco or Quick connect fitting
Fully assembled with all hardware included

SDC-Color Series

CRRO-650P-SDC

Model No.:	Stage	GPD	Specification
CRRO-450-STD	4S	50	Under Sink 4 Stages Filters W/O Pump
CRRO-450-SDC	4S	50	Color-Series Under Sink 4 Stages Filters W/O Pump
CRRO-550P-STD	5S	50	Under Sink 5 Stages Filters W/Pump
CRRO-550P-SDC	5S	50	Color-Series Under Sink 5 Stages Filters W/Pump
CRRO-650UVP-STD	6S	50	Under Sink 6 Stages Filters W/Pump W/UV
CRRO-650UV-STD	6S	50	Color-Series Under Sink 6 Stages Filters W/Pump W/UV
CRWF-CT-1	1S	N/A	Counter-Top Single Stage (Simple Filtration System)
CRWF-CT-2	2S	N/A	Counter-Top Double Stage (Simple Filtration System)
CRWF-CT-3	3S	N/A	Counter-Top Trip Stage (Simple Filtration System)
Available: 75/100GPD			

Housing & Cartridge Residential RO System

Color Selection

Available Color

Model No.:	Specification
HTEG-10WW-1/4	10" Double O-Ring (Flat Cap) White Housing, 1/4NPT
HTEG-10CW-1/4	10" Double O-Ring (Flat Cap) Clear Housing, 1/4NPT
HTEG-10WGG-1/4	10" Double O-Ring (Flat Cap) White + Green Stripe Housing, 1/4NPT
HTEG-10CGG-1/4	10" Double O-Ring (Flat Cap) Clear + Green Stripe Housing, 1/4NPT Available: Blue/ Light Blue/ Yellow/ Green
FST-33M-Y	In-line Mineral filter / 2.5"x 11" / Color Yellow
FST-33M-W	In-line Mineral filter / 2.5"x 11" / Color White
FST-33M-WG	In-line Mineral filter / 2.5"x 11" / Green Cap Available: GAC/ Alkaline/ Resin Available: Blue/ Light Blue/ Yellow/ Green
FAIC-MIN-TY	In-line Mineral filter / 2"x 10" / Color Yellow (or White)
HEC-IN2010C-T	10" Empty Refillable Cartridge / 2" OD / Color Clear (or Yellow or White)
MH-MA218W-T	1/8" RO Membrane Vessel Color-White (or Black)
HEC-2505W-T	ECO Type - 2.5" x 5" Dia. / Refillable Cartridge
HEC-2510W-T	ECO Type - 2.5" x 10" Dia. / Refillable Cartridge
HEC-2520W-T	ECO Type - 2.5" x 20" Dia. / Refillable Cartridge
HEC-4510W-T	ECO Type - 4.5" x 10" Dia. / Refillable Cartridge
HEC-4520W-T	ECO Type - 4.5" x 20" Dia. / Refillable Cartridge
