

MAXIMUS pt

High-performance dry vacuum cleaner with an automated power socket for electric tools.

Suggested Use

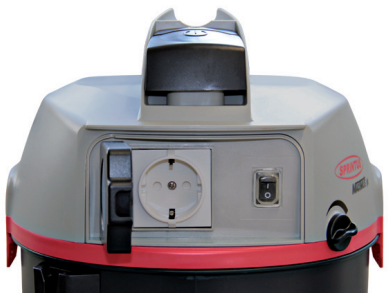

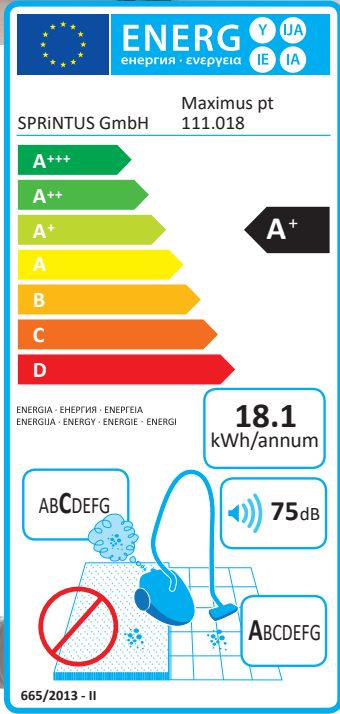

The Maximus pt is the ideal companion for any construction craftsmen. With its compact dimensions and low weight, it is perfect for electricians, carpenters or exhibition builders. Wherever a handy, lightweight device is required for fast working. Its enormous suction power guarantees a clean, dust-free workplace on location or in the shop. Any power tool can be plugged into the Maximus pt through the standardized socket & rubber adaptor. The automated socket then activates the vacuum simultaneously with the connected tool. For example when drilling, the vacuum automatically shuts down when the drill is switched off. The included 360 mm floor nozzle ensures performance on a wide range of hard floor and carpeted surfaces. The Maximus pt is universally usable for dry dust and can also be operated without the filter bag.

Features

- Enormous suction power
- Large operating radius with 7.5 m power cord and 2.5 m hose
- Rotary joint on the vacuum hose for hindrance-free maneuvering
- Built-in output regulator automatically adjusts to the type of surface
- Mess-free waste disposal with the sealable fleece filter bag
- Additional fine dust filtration possible with the Epa12 filter cartridge
- Light weight for convenient, single-handed transport
- Accessory storage on the device
- 230 Volt power socket up to 1500 watts with automatic activation.

With the multi-tiered power tool adaptor, the vacuum hose can be fitted to any diameter. For example: portable circular saws.

Automated power socket for the use of power tools.

Maximum ergonomics: the vacuum and all its accessories can be transported in one hand.

new Large, lockable cable hook, thanks to its swivel joint.

Cable storage on the head and parking position for accessories on the side of the device.

Four storage slots for accessories on the backside.

Accessory: Combi nozzle
111.307 for textile coverings or carpets

TECHNICAL DATA

Voltage	230 V / 50 Hz
Max. power	700 W
Sound pressure level	75 dB(A)
Hard floor cleaning perf. class	A
Dust re-emission class	C
Container material	plastic
Container volume	13 litres (gross)
Filter bag volume	9 litres
Length of power cord	7,5 m
Length of suction hose	2,5 m
Diameter of suction hose	32 mm
Diameter of suction tube	32 mm
Weight	4,9 kg
Dimensions (L x W x H)	29 x 40 x 40,5 cm
Energy efficiency category	A

MAXIMUS PT

incl. 2 x aluminium tube ø 32 mm, 2,5 m suction hose, fleece filter basket, 1 x HEPA13 fleece filter bag, crevice nozzle, furniture nozzle, parquet floor nozzle 360 mm, power tool adaptor, 7,5 m power cord

STANDARD KIT:

0,5m aluminium tube (1 piece)	106.026
2,5 m Suction hose complete	106.025
Parquet floor nozzle 360 mm	111.202
Crevice nozzle 230 mm	101.023
Furniture nozzle	101.024
Power tool adaptor	101.025
Fleece filter basket	111.125
7,5 m power cord	111.312

ACCESSORIES:

Fleece filter bags (10 pieces)	106.013
Fleece filter bags (250 pieces)	106.014
HEPA13 fleece filter bags (10 pieces)	106.061
EPA12 filter cartridge	111.132
Combi nozzle 306 mm	111.307
Furniture nozzle	101.024
Flexible crevice nozzle 600 mm	111.203
Turbo brush 284 mm	106.012
Telescopic tube stainless steel	111.133
